PROFESSIONAL SUMMARY

Architect with 4+ years of experience across architecture, interior, and landscape design, with project experience in India, Dubai, and the USA. Skilled in concept development, spatial planning, 3D modelling, visualisation, and technical documentation, with experience integrating AI-assisted workflows into design development. Seeking opportunities abroad to contribute to diverse projects, gain international experience, and grow within a global design environment. Open and ready to relocate for the right opportunity.

WORK EXPERIENCE

Mawi Design

Adyar, Chennai

Architect (Creative Lead)

Feb 2026 - Present

- Lead design development across 4 - 7 concurrent residential, commercial, interior, and landscape projects, from concept through design finalisation.
- Direct and mentor a design team, reviewing output to maintain design quality, consistency, and delivery timelines.
- Establish and standardise design guidelines, including drawing details, interior style palettes, FF&E specifications, and brand libraries to ensure consistency across projects.
- Produce 3D visualisations and design development drawings across project types, balancing technical accuracy with creative intent.

Interspace

Dubai + USA

Architect (Remote + Part-time)

Apr 2024 - Jan 2026

- Delivered 3D modelling and approval drawings for residential and villa projects across the USA and Dubai.
- Used Revit, AutoCAD, and Enscape for design development, visualisation, and high-end interior drawing packages.
- Built working knowledge of international construction standards, including Californian timber-frame construction and Dubai luxury interior detailing.
- Adapted to fully remote workflows across time zones while maintaining design quality, efficiency, and clear coordination with clients and teams.

Aganam Interior

Velappanchavadi, Chennai

Project Architect (Part-time)

Mar 2025 - Aug 2025

- Delivered interior projects in coordination with in-house factory production for custom, factory-finish carpentry.
- Used SketchUp, Layout, and Prolance for drawing production, improving team productivity by 50%. Learned ArtCAM Pro for CNC fabrication.
- Gained hands-on experience in design detailing, material selection, and site coordination from concept through installation.
- Worked closely with the factory production team to align modular manufacturing with efficient on-site assembly.

Mawi Design

Adyar, Chennai

Architect (Creative Designer)

Feb 2022 - Apr 2024

- Contributed to the growth of a new architecture practice through 15+ residential, commercial, interior, and landscape projects.
- Engaged across the full design process — client discussions, conceptual sketches, spatial planning, code compliance, and problem-solving.
- Developed 3D visualisations, working drawings, and client presentations while coordinating with multidisciplinary teams.
